

Name: _____ Date: _____

Period: _____

Spiral Review

1. Complete the table of exact values.

t	0	$\frac{\pi}{2}$	π	$\frac{3\pi}{2}$	2π
$\cos t$	_____	_____	_____	_____	_____
$\sin t$	_____	_____	_____	_____	_____

2. The graph of $y = \sin(x)$ is shifted **up 3** units and **scaled vertically by 2**. Write the equation of the transformed function.

3. A point starts at $(1, 0)$ and travels *counterclockwise* around a circle of radius 1. Fill in the table.

Turn	New coordinates
After a quarter turn ($\frac{1}{4}$ of the way around)	_____
After a half turn ($\frac{1}{2}$ of the way around)	_____
After a full turn (all the way around)	_____
